ARE DOUBLED WHEN
VICE ZONE IS SHUT**

(Telegram from St. Louis to the Denver Post of Wednesday, April 1st.)
St. Louis, April 1.—Crimes against women have increased almost 100 per cent in St. Louis since the board of police commissioners a month ago abolished the segregated vice quarter. Since the resorts on Lucas avenue were closed, complaints have been coming in from all parts of the city that the former inmates of the segregated quarter are invading the residence and business parts of town. Police investigation has disclosed that many women are now active in soliciting and massage parlors. Adv.

SO THE PEOPLE MAY KNOW Voters

This is not a secret session of the city council; this campaign. This is the time when you learn what has been happening to you during the past two years while our city government has been engaged in promoting a sale of the water works to the city, and looking after the prosperity of the RED LIGHT district.

We have told you in these statements during the past few days what are the real, vital, all important issues of this campaign.

One is DECENCY.
Another is the WATER QUESTION.
The third is MANAGEMENT OF YOUR CITY and the WAY YOUR MONEY IS SPENT.

We believe your minds are made up in favor of DECENCY.

We do not believe you want to elect the man who is committed to the BONDING of YOUR CITY for \$750,000 for the PURCHASE of the WATER WORKS.

We want you to know more about what has happened to your finances—how your city has been mis-managed in those carefully guarded secret sessions of the city council during the past two years.

We have managed to extract considerable information about what really happened behind the council's locked doors—where your business was transacted in secret and without your knowledge, or consent.

We want you to know what we know—the facts and details. Therefore we have arranged for

Tonight MEETINGS IN EACH OF THE FOUR WARDS

They will not be long meetings. But they will be mighty interesting.

At these four meetings men who KNOW will tell you the facts about the RED LIGHT.

THE FACTS about the threatening water works situation.

THE FACTS about your taxes and the use to which your hard earned money has been put.

Go to the School Building in Your Ward Tonight. It is for your interest, the interest of your pocketbook, to be on hand.

Following are the meeting places, and the speakers:

- FIRST WARD**—First Ward School.
Speakers—Judge Edward A. Mann, Thomas N. Wilkerson, J. A. Miller.
Second Ward—Second Ward School.
Speakers—Francis E. Wood, Felix Bacon, John W. Wilson.
Third Ward—Central school.
Speakers—M. E. Hickey, A. B. Stroup, John Baron Burg.

KANSAS CITY WOMAN TELLS TERRIBLE STORY OF ASSAULT

Kansas City, April 2.—Mrs. Gertrude Shidler, at the trial of Vic Gueringer today, told a revolting story of being lured to a downtown rooming house on the afternoon of March 2 and attacked by six men. Gueringer is charged with participating in the attack. Mrs. Shidler told her story in spasmodic whispers broken by sobs. Only the jury, the judge, the prosecutor and two attorneys could hear her words. When the crowd of spectators got on seats and strove to push closer the action brought a rebuke from the court. When at the opening of Mrs. Shidler's story the attorneys for the defense asked the court to make the woman speak louder, the court, angered, said: "I shall not make her speak louder. Get up closer if you want to hear it." Attorneys said the witness told one of the most horrible crimes ever described in a court room. During Mrs. Shidler's testimony Gueringer, who she accused of being the most merciless of her tormentors, sat motionless, twisting his thumbs and staring steadily at the witness.

Kansas City, April 2.—Women, unless able to show good reason for being there, were today excluded from the trial of Vic Gueringer, one of the six men charged with attacking Mrs. Gertrude Shidler, a nurse, at 1224 Grand avenue.
